## A Perfect Fit

Enjoy French Door styling in a compact design. The 30" width of this LG refrigerator can fit into smaller spaces, but it doesn't compromise on style or features.

## Fresher is Better

Smart Cooling System is designed to maintain superior conditions within the refrigerator. The Linear Compressor reacts quickly to temperature fluctuations and helps keep your food fresher, longer. Meanwhile, strategically-placed vents in every section surround your food with cool air no matter where you put it.

## Peace of Mind

When you buy a refrigerator, you don't want to worry that it won't last. Because the Linear Compressor motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.

## Flawless New Finish Lets Your Style Shine

Formed from stainless steel coated with a darker hue and topped with a protective coating, the LG Black Stainless Steel Series makes every appliance fingerprint and smudge resistant. A dry cloth is all it takes to bring back its original luster.

## Call, Connect, Resolve

SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

## Environmentally Friendly

Energy Star® rated, which means it uses at least 20% less energy than required by current federal standards.

## PRODUCT FEATURES

CAPACITY	
Refrigerator	14.5 cu.ft.
Freezer	7.3 cu.ft.
Total	21.8 cu.ft.
