

FEATURES & BENEFITS

- + **4 Elements** - The cooktop's total power is 7,200W with one 11-inch 3,700-Watt, one 9 1/16-inch 2,100-Watt, and two 6 7/8-inch 1,500-Watt elements to cover your cooking needs
- + **9 Power Levels** - So you can simmer a sauce or crank up the heat for a caramelized sear—now that's control
- + **Power Boost** - The cooktop elements offer a power boost adjustment so you get to your desired temperature fast
- + **Touch Controls** - Digital LED displays are touch and slide controlled and easy-to-read for the whole family and spills and grease can easily wipe away
- + **Residual Heat Indicators and Lock** - This cooktop also features a Residual Heat Indicator and Child Lock so that you and your kiddos don't burn your hands
- + **Automatic Safety Shut-Off** - The unit will auto turn-off without a cooking pot present after 2 hours of non-operation-safety first

FEATURES

99 min timer / Child lock / 4 Booster / Keep Warm / Pause Function
9 level power setting
Individual residual heat indicator
120 min Automatic safety switch off
Slide touch

PRODUCT DIMENSIONS

1. Product Size (inch) (W*D*H): 30" - 21" - 2 1/4"
2. Cut out Size (inch) (W*D): 28 3/4" - 9 5/16"
3. Carton Size (inch) (W*D*H): 35 1/16" - 27" - 6 7/8"
4. Product Net / Gross weight (lbs): 35.27 / 44.09

TECHNICAL DETAILS

1. Induction (Heating element)
2. Power cord: 47 1/4" without plug
3. Voltage / Frequency: 240v / 60Hz
4. Certification: ETL, RoHS / Reach compliance

ELEMENT PERFORMANCE

Total Elements	4
1. Left Rear zone 6 7/8"	1800 / 2100W
